The Long-awaited Stork Dec 15 2021

The Stork Is an Albatross Feb 23 2020 Published by CUSTOM BOOK PUBLICATIONS Noveletta Imprint From the day of his birth, Martin's parents perpetuated the myth that he - and later his brother Jeremy - were delivered by Stork. The stork was a wooden effigy on the roof of the Stork Nursing Home, until it came to its demise and was smashed to smithereens on the driveway. As Martin grew up the Stork came to symbolise all that was to do with begetting babies and any direct mention of such a forbidden subject was swept under the carpet. Unable to dismiss this feathered creature, it became part of Martin's nightmares. His brother Jeremy and his best friend Stanley were non-believers. Martin's love life was initially plagued by two provocative identical twins, that is until they moved away. It was Helen, the beautiful girl from the High with whom Martin then became smitten. Unknown to them both it was a Dutch Stork, a wanderer from the Netherlands who came to plague their lives. Would they be able to escape it, or would it become an Albatross around their necks? A humorous story, for those of us who were hoodwinked into believing that there was a Stork and that it delivered us in white nappies...

The State and the Stork Mar 06 2021 From the colonial era to the present, the ever-shifting debate about America’s prodigious population growth has exerted a profound influence on the evolution of politics, public policy, and economic thinking in the United States. In a remarkable shift since the late 1960s, Americans of all political stripes have come to celebrate the economic virtues of population growth. As one of the only wealthy countries experiencing significant population growth in the twenty-first century, the United States now finds itself at a demographic crossroads, but policymakers seem unwilling or unable to address the myriad economic and environmental questions surrounding this growth. From the founders’ fears that crowded cities would produce corruption, luxury, and vice to the zero population growth movement of the late 1960s to today’s widespread fears of an aging crisis as the Baby Boomers retire, the American population debate has always concerned much more than racial composition or resource exhaustion, the aspects of the debate usually emphasized by historians. In *The State and the Stork*, Derek Hoff draws on his extraordinary knowledge of the intersections between population and economic debates throughout American history to explain the many surprising ways that population anxieties have provoked unexpected policies and political developments—including the recent conservative revival. At once a fascinating history and a revelatory look at the deep origins of a crucial national conversation, *The State and the Stork* could not be timelier.

[The Song of the Stork](#) Nov 21 2019 A Jewish girl finds refuge with a village outcast during WWII in this “elegantly crafted, beautifully written novel about love, survival and hope” (William Ryan). In a small Eastern European village, fifteen-year-old Yael is on the run from Nazi invaders. The so-called village idiot, Aleksei is a solitary mute who does not want for company. But as the brutal winter advances, he reluctantly takes Yael in. As she begins to win his trust, a delicate relationship develops between them. But beyond Aleksei’s remote homestead, the war rages on, and Yael cannot hide forever. A Jewish partisan group is organizing in the woods to mount a counterattack. Torn between her love and her need to fight, Yael must find her voice as the voices around her are being extinguished.

[Disappeared](#) Nov 02 2020 You've never seen a Francisco X. Stork novel like this before! A missing girl, a determined reporter, and a young man on the brink combine for a powerful story of suspense and survival.

[The Wood Stork](#) Apr 19 2022 Inspired by a young man's passion for capturing the beauty of nature, *The Wood Stork: A Graceful Bird* depicts the impressive natural phenomenon a Florida bird enthusiast found in his hometown: a wood stork nesting colony. After being decimated by habitat disruption, wood storks have adapted to life on wooded islands in suburban South Florida. Follow the circle of life in this stunning photo essay as wood storks establish nests, raise their young, and build a future for their graceful species.

Stork Mountain Jan 24 2020 Stork Mountain tells the story of a young Bulgarian immigrant who, in an attempt to escape his mediocre life in America, returns to the country of his birth. Retracing the steps of his estranged grandfather, a man who suddenly and inexplicably cut all contact with the family three years prior, the boy finds himself on the border of Bulgaria and Turkey, a stone's throw away from Greece, high up in the Strandja Mountains. It is a place of pagan mysteries and black storks nesting in giant oaks; a place where every spring, possessed by Christian saints, men and women dance barefoot across live coals in search of rebirth. Here in the mountains, the boy reunites with his grandfather. Here in the mountain, he falls in love with an unobtainable Muslim girl. Old ghosts come back to life and forgotten conflicts, in the name of faith and doctrine, blaze anew. *Stork Mountain* is an enormously charming, slyly brilliant debut novel from an internationally celebrated writer. It is a novel that will undoubtedly find a home in many readers' hearts.

The State and the Stork Aug 23 2022 “A powerful model of how to understand the complex array of issues that will shape the political economy of population in the future.”—American Historical Review From the founders’ fears that crowded cities would produce corruption, luxury, and vice to the zero population growth movement of the late 1960s to today’s widespread fears of an aging crisis as the Baby Boomers retire, the American population debate has always concerned much more than racial composition or resource exhaustion, the aspects of the debate usually emphasized by historians. At once a fascinating history and a revelatory look at the deep origins of a crucial national conversation, *The State and the Stork* could not be timelier. “Hoff has done a real service by bringing to the foreground the economic dimension of U.S. debates over population size and growth, a topic that has been relegated to the shadows for too long.”—Population and Development Review “After decades of failed efforts by the scientific community to alert the public to the environmental dangers of population growth and overpopulation, a first-rate historian has finally detailed both the arguments and their policy implications . . . Everyone interested in population should read *The State and the Stork*. This is an incredibly timely book.”—Paul R. Ehrlich, author of *The Population Bomb*

Helping the Stork Aug 31 2020 Helping the Stork The sourcebook for all the information parents-to-be need to know about the choices and challenges of donor insemination Each year donor insemination (DI) offers a pathway to parenthood for the hundreds of thousands who turn to family-building alternatives. Although DI is considered as often as adoption, couples facing male infertility, as well as single women and lesbian couples, have had few places to turn for information about this method, which has been shrouded in secrecy. In *Helping the Stork*, parents-to-be, as well as friends and family, doctors, and counselors, can explore the choices and challenges raised by this alternative to overcoming childlessness. This comprehensive handbook moves through each step of the process: reaching a solid decision about whether donor insemination is the best choice for a family's future; handling the difficult issue of privacy; selecting a donor and getting started; and learning to thrive as a family meeting DI's added challenges. Full of wisdom from medical and mental health experts, *Helping the Stork* is also enriched with stories from many families who share their insights and experiences. This book is a reassuring, supportive, and helpful guide that no one considering or going through the process of donor insemination should be without. Visit us online at <http://www.mcp.com/mgr>

[The Painted Stork](#) Aug 11 2021 The book will cover the entire range of the Painted Stork--beyond its stronghold in India and Sri Lanka to other countries--E Asia as well. For the sake of comparison, relevant information will be included about the other species of storks--both solitary as well as colonial, of Asia, as well as those in other parts of the world. Certainly plenty of references will be made about the work done on the American Wood Stork. Studies are underway in order to better understand the role of the monsoon rains on the nesting pattern of Painted Stork, besides attempting a review of the global

status of the species. The former is likely to be of interest in augmenting our understanding about how global climate change is going to affect birds across India and the second is likely to raise interesting points about the distribution of species and their ranges. Both these studies will be carried through 2009 and should hopefully be included in the proposed book. Naturally, the focused interest in field research on the Painted Stork has resulted in accumulation of considerable information on this particular species, which is beyond the information contained on some standard Indian and international works and ornithological texts. The author hopes to include the entire spread of information of this species--from its systematics, evolution, distribution, ecology to its role in human culture as well as its association with mythologies. In other words, topics have not been restricted to the areas of the author's research but have spilled over into areas of anthropology, ecology, conservation, etc.

A Stork in a Baobab Tree Dec 23 2019 Set in Africa during the Christmas season, this is the story of a village preparing for a celebration - the birth of a child. The story is told in verse inspired by the traditional carol The Twelve Days of Christmas, but in this version by the author Catherine House the gifts are: 1 stork in a baobab tree, 2 thatched huts, 3 woven baskets, 4 market traders, 5 bright khangas, 6 women pounding, 7 children playing, 8 wooden carvings, 9 grazing goats, 10 drummers drumming, 11 dancers dancing and 12 storytellers. This is a Christmas steeped in the atmosphere of African village life, including descriptions of the objects and activities mentioned in the text.

Stork Jul 22 2022 Oh baby! A hip heroine discovers that she has the ability to decide who gets pregnant in this witty YA blend of romance and the supernatural from a debut author. (Ages 12 and up) Sixteen-year-old Katla has just moved from Los Angeles to the sticks of Minnesota. As if it weren't enough that her trendy fashion sense draws stares, she learns to her horror that she's a member of an ancient order of women who decide to whom certain babies will be born. Add to that Wade, the arrogant football star whom Katla regrettably fooled around with, and Jack, a gorgeous farm boy who initially seems to hate her. Soon Katla is having freaky dreams about a crying infant and learns that, as children, she and Jack shared a near-fatal, possibly mystical experience. Can Katla survive this major life makeover and find a dress for the homecoming dance? Drawing from Norse mythology and inspired by THE SNOW QUEEN by Hans Christian Andersen, debut author Wendy Delsol conceives an irreverent, highly entertaining novel about embracing change and the (baby) bumps along the way.

It's So Amazing! Dec 03 2020 "An outstanding book. . . . Meets the needs of those in-between or curious kids who are not ready, developmentally or emotionally, for It's Perfectly Normal." —Booklist (starred review) How does a baby begin? In Herriot's Shadow Sep 19 2019 Intending to tell stories about dogs, cats, cows, sunrises, sunsets and music, a small town veterinarian, raised by a git 'er done dad and a pathologically kind stay-at-home mom, wrote a book about humanity. In Herriot's Shadow is a celebration of chivalry in a grocery store parking lot, generosity in a farm field, and gratitude in two packs of sandwich cookies. Dr. Bill Stork has fully evolved the notion that a person who is kind to animals is inherently good, often in the face of public perception to the contrary. Working alongside men and women whose physical strength is dwarfed by their superhuman depth of character and family values, he has felt the anguish of a corn crop spiking turning brown and begging for a drop of water, and shared the unbridled exuberance when the "million dollar rain" came just in time. Embracing the notion that the human-animal bond applies to all creatures, great and small, Dr. Stork was centered and rededicated in his profession by a 70-year-old farmer openly weeping and hugging a 21-year-old cow named Iris as the sun rose on her last day. Shed a tear for a dog called Buck, hold your belly from laughing as Dr. Stork survives Jack going for his jugular, ponder how Pumpkin developed her outer rind, and make the acquaintance of the Amazing Dick Bass - In Herriot's Shadow weaves together stories about B.B. King, temperamental cows, biking through Texas, therapy cats and life-saving dogs.

The Memory of Light Oct 01 2020 "When Vicky Cruz wakes up in the Lakeview Hospital Mental Disorders ward, she knows one thing: After her suicide attempt, she shouldn't be alive. But then she meets Mona, the live wire; Gabriel, the saint; E.M., always angry; and Dr. Desai, a quiet force. With stories and honesty, kindness and hard work, they push her to reconsider her life before Lakeview, and offer her an acceptance she's never had. But Vicky's newfound peace is as fragile as the roses that grow around the hospital. And when a crisis forces the group to split up, sending Vicky back to the life that drove her to suicide, she must try to find her own courage and strength. She may not have them. She doesn't know. Inspired in part by the author's own experience with depression, The Memory of Light is the rare young adult novel that focuses not on the events leading up to a suicide attempt, but the recovery from one -- about living when life doesn't seem worth it, and how we go on anyway."

It's Not the Stork! Dec 27 2022 From the expert team behind IT'S PERFECTLY NORMAL and IT'S SO AMAZING! comes a book for younger children about their bodies — a resource that parents, teachers, librarians, health care providers, and clergy can use with ease and confidence. Young children are curious about almost everything, especially their bodies. And young children are not afraid to ask questions. What makes me a girl? What makes me a boy? Why are some parts of girls' and boys' bodies the same and why are some parts different? How was I made? Where do babies come from? Is it true that a stork brings babies to mommies and daddies? IT'S NOT THE STORK! helps answer these endless and perfectly normal questions that preschool, kindergarten, and early elementary school children ask about how they began. Through lively, comfortable language and sensitive, engaging artwork, Robie H. Harris and Michael Emberley address readers in a reassuring way, mindful of a child's healthy desire for straightforward information. Two irresistible cartoon characters, a curious bird and a squeamish bee, provide comic relief and give voice to the full range of emotions and reactions children may experience while learning about their amazing bodies. Vetted and approved by science, health, and child development experts, the information is up-to-date, age-appropriate, and scientifically accurate, and always aimed at helping kids feel proud, knowledgeable, and comfortable about their own bodies, about how they were born, and about the family they are part of.

Merimis Stork The Truth May 20 2022 Thousands of years ago humans destroyed their own planet through ruthless greed, intense mining and nuclear wars. They had to find another planet for their survival. A few found a planet similar to their own and settled on it. This planet was Eortha, the humans named it, Earth. Merimis Stork is a young woman, whose life is turned upside down when she discovers who and what she really is. The humans believe Merimis and her people are aliens, but she knows different. The humans are the aliens and they are destroying Earth like they destroyed Humorra, their own planet. Unknown to the majority of human civilization, avaricious humans are now after the diamond caves of Serhombi, situated deep beneath the Earth's oceans. To get to them they have to smash through one of Earth's dimensions, this will have a knock on effect for all of the dimensions and Earth will not be able to withstand this onslaught. Within a few years Earth will implode and be no more, but the few humans who cause this plan to be long gone before that happens. Merimis has to safeguard the heart of Eortha that is given to her to help fight for Earth's survival. She has to lead her people into a barbaric war that will cause untold misery to humans who have no idea this conflict is being waged in the Pacific ocean. Her army consists of dolphins, alligators, sharks, sea dragons, snakes, and other creatures, the most dangerous and deadly is a frightful and hideous monster. Before this Merimis has another problem, she falls in love with the audacious and dangerous Earth Border Control agent sent to kill her. If she dies then the hope of Earth dies with her and in a few years time Earth will be no more.
