This book presents the proceedings of the 2020 International Conference on Integrated Science in Digital Age, which was jointly supported by the Institute of Certified Specialists (Russia) and Springer, and was held on May 1-3, 2020. The conference provided an international forum for researchers and practitioners to present and discuss the latest innovations, trends, results, experiences and concerns in the various areas of integrated science in the digital age. The main goal of the conference was to efficiently disseminate original findings in the natural and social sciences, covering topics such as blockchain & cryptocurrency; computer law & security; digital accounting & auditing; digital business & finance; digital economics; digital education; digital engineering; machine learning; smart cities in the digital age; health policy & management; and information management. Learn how today's managers, investors and other business stakeholders effectively use accounting information and reports to guide business success with Warren/Jones/Farmer's **USING FINANCIAL ACCOUNTING**. Designed as an introduction for those with no previous accounting experience, this edition overviews basic financial accounting concepts without extraneous details. This book's spreadsheet approach focuses on the use of accounting information in business without the distraction of debits and credits. An integrated financial statement framework highlights how transactions impact each of the three

primary financial statements: balance sheets, income statements and cash flow statements. Unique metrics let you analyze transaction, financial statement and managerial decision-making information. In addition, special features and cases demonstrate the use of data analysis in financial accounting today. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. By combining algebraic and graphical approaches with practical business and personal finance applications, South-Western's FINANCIAL ALGEBRA, motivates high school students to explore algebraic thinking patterns and functions in a financial context. FINANCIAL ALGEBRA will help your students achieve success by offering an applications based learning approach incorporating Algebra I, Algebra II, and Geometry topics. Authors Gerber and Sgroi have spent more than 25 years working with students of all ability levels and they have found the most success when connecting math to the real world. FINANCIAL ALGEBRA encourages students to be actively involved in applying mathematical ideas to their everyday lives. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Merging theory and practice into a comprehensive, highly-anticipated text Corporate Finance continues its legacy as one of the most popular financial textbooks, with well-established content from a diverse and highly respected author team. Unique in its features, this valuable text blends theory and practice with a direct, succinct style and commonsense presentation. Readers will be introduced to concepts in a situational framework, followed by a detailed discussion of techniques and tools. This latest edition includes new information on venture finance and debt structuring, and has been updated throughout with the most recent statistical tables. The companion website provides statistics, graphs, charts, articles, computer models, and classroom tools, and the free monthly newsletter keeps readers up to date on the latest happenings in the field. The authors have generously made themselves available for questions, promising an answer in seventy-two hours. Emphasizing how key concepts relate to real-world situations is what makes Corporate Finance a valuable reference with real relevance to the professional and student alike. Readers will gain insight into the methods and tools that shape the industry, allowing them to: Analyze investments with regard to hurdle rates, cash flows, side costs, and more Delve into the financing process and learn the tools and techniques of valuation Understand cash dividends and buybacks, spinoffs, and divestitures Explore the link between valuation and corporate finance As the global economy begins to recover, access to the most current information and statistics will be required. To remain relevant in the evolving financial environment, practitioners will need a deep understanding of the mechanisms at work. Corporate Finance provides the expert guidance and detailed explanations for those requiring a strong foundational knowledge, as well as more advanced corporate finance professionals. Activate Learning with Warren/Reeve/Duchac's, FINANCIAL ACCOUNTING! Market-leading FINANCIAL ACCOUNTING has been on the forefront of innovation and change based on the needs of today's students. Warren offers you clear guidance to complete homework with an efficient presentation for today's learner. The high impact writing style and streamlined design makes important information accessible, with a focus on providing the best and most complete examples. There is no auto-graded online homework product with this product. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. 4LTR Press solutions give students the option to choose the format that best suits their learning preferences. This option is perfect for those students who focus on the textbook as their main course resource. Concise yet comprehensive chapters in a modern design present content in an engaging and accessible format, while Tear-Out Review Cards give students a portable study tool containing all of the pertinent information for class and test preparation. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. This activity-based simulation depicts a recent high school graduate finding out what it means to be on their own financially. The simulation allows students to experience the process of opening a checking account, renting an apartment, applying for credit, looking for a job, buying a car, shopping online, banking electronically, paying taxes, and more. Students complete parallel activities for themselves as they work through the simulation, completing budgets and creating filing systems for personal financial information. PERSONAL FINANCIAL LITERACY, Third Edition, covers the most current and relevant financial topics that impact today's students, including budgeting, identity theft, saving, investing, risk management, and careful use of credit. This text teaches students how to plan and manage their personal finances; how to live a financially successful life; and what their financial responsibilities are as citizens. It is aligned with the Jump\$tart Coalition's National Standards for Personal Financial Literacy. The personal focus of this course makes it relevant and meaningful to those just starting down the path to personal financial independence. MindTap for Personal Financial Literacy, Updated Precision Exams Edition, 3rd edition is the digital learning solution that helps teachers engage and transform today's students into critical thinkers. Through paths of dynamic assignments and applications that you can personalize, real-time course analytics and an accessible reader, MindTap helps you turn cookie cutter into cutting edge, apathy into engagement, and memorizers into higher-level thinkers. MindTap for this course includes the full, interactive eBook as well as auto-graded reading activities throughout the eBook for each lesson as well as student tools like flashcards, practice quizzes, and auto-graded homework and tests. Close the gap between homework and exam performance with Warren/Reeve/Duchac's FINANCIAL AND MANAGERIAL ACCOUNTING 14E! Market-leading FINANCIAL AND MANAGERIAL ACCOUNTING has been on the forefront of innovation and change based on the needs of today's teaching and learning environment. Warren/Reeve/Duchac's FINANCIAL AND MANAGERIAL ACCOUNTING 14e helps elevate student thinking with content that addresses each stage of the learning process from motivation to mastery. It motivates students to learn, provides practice opportunities to better prepare for exams, and helps students achieve mastery with tools to help them make connections and see the big picture. The Complete Learning System in FINANCIAL AND MANAGERIAL ACCOUNTING is built around the way students use textbooks to learn, study and complete homework, allowing them to achieve ultimate success in this course. Content updates involve the inclusion of the new revenue recognition standard and a greater emphasis on service companies in the managerial accounting chapters. The end goal of Warren/Reeve/Duchac's FINANCIAL AND MANAGERIAL ACCOUNTING learning system is to elevate thinking and create more empowered and prepared students--ready to take on the rest of their educational and career goals. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Business Analysis and Valuation has been developed specifically for students undertaking accounting Valuation subjects. With a significant number of case studies exploring various issues in this field, including a running chapter example, it offers a practical and in-depth approach. This second edition of the Palepu text has been revitalised with all new Australian content in parts 1-3, making this edition predominantly local, while still retaining a selection of the much admired and rigorous Harvard case studies in part 4. Retaining the same author team, this new edition presents the field of valuation accounting in the Australian context in a clear, logical and thorough manner. Gain a clear understanding of the important relationships between accounting, financial statements and business decisions with Rich/Jones/Myers' FINANCIAL ACCOUNTING, 5E. This edition's proven approach is built around the way today's learners read and process principles. This edition helps you master the fundamentals of financial accounting more quickly and independently so you can focus on how accounting information is used in real companies today. The authors illustrate each major concept using memorable examples from familiar organizations and conceptual insights that explain the reasons behind the processes. You watch leading companies, like Apple, Verizon or Google, use accounting information to make better decisions, as you learn how to analyze and interpret financial data yourself. This edition even provides links to helpful videos from the authors to reinforce concepts and further support your learning success. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Using real-world examples to thoroughly involves readers with financial statements, Financial Reporting and Analysis, 9e builds skills in analyzing real financial reports through statements, exhibits, and cases of actual companies. Emphasis is placed on the analysis and interpretation of the end result of financial reporting – financial statements. By combining algebraic and graphical approaches with practical

business and personal finance applications, FINANCIAL ALGEBRA, Second Edition, motivates high school students to explore algebraic thinking patterns and functions in a financial context. International finance has become one of the hottest topics in national debates with tariff wars and EU membership dominating the news. As multinational corporations (MNCs) continue to expand their operations globally, they must not only manage the advantages that ensue but also their exposure to risk. The fifth edition of Madura and Fox's International Financial Management offers students a comprehensive introduction to this fast-moving field, discussing not only exchange rate behaviour, exchange rate risk management, long- and short-term asset and liability management, but also topics such as different currencies, dissimilar political situations, imperfect markets and diversified opportunity sets. Engaging real-world examples, critical debate questions and project workshop activities equip students with the essential knowledge they need to succeed in international finance. This textbook is suitable for both final year undergraduate and master's level courses in international financial management. This title is available with MindTap, a flexible online learning solution that provides students with all the tools they need to succeed including an interactive eReader, engaging multimedia, practice questions, assessment materials, revision aids, and analytics to help you track their progress. The leading Heintz/Parry's COLLEGE ACCOUNTING, 22E combines a step-by-step approach with excellent examples that make accounting understandable, regardless of the reader's accounting background or business experience. Known for its clarity and accompanying technology, this book focuses on the skills needed to transition from the classroom to the workplace. The book begins with a basic foundation and simple service company examples before advancing to accounting within the more challenging merchandising and manufacturing environments. Engaging learning features reinforce the relevance of skills and ensure an understandable presentation. Plan for success in tomorrow's workplace with COLLEGE ACCOUNTING, 22E. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. FINANCIAL AND MANAGERIAL ACCOUNTING USING EXCEL FOR SUCCESS leads students to accounting mastery while increasing Excel proficiency. Built with the modern business world in mind, this adaptation of the introductory textbook, FINANCIAL AND MANAGERIAL ACCOUNTING, 11E offers an innovative 4-step system for students to: (1) Read the accounting concept and illustration. (2) Follow the same concept using the Excel Success Example. (3) Practice using the Try It Tutorial online. (4) Apply knowledge by completing the Excel Success problem in the homework. This text reinforces key accounting concepts through 6 basic Excel formulas. Students build an Excel portfolio to demonstrate basic competencies in accounting and Excel. Each new copy of the book comes packaged with an access code that allows students to use the online Excel Try It Tutorials. These tutorials guide students through the hands-on process of entering formulas and understanding how to Excel for accounting. Excel Success Special Activities at the end of the chapter require students to manipulate spreadsheets and save the files to demonstrate Excel competency. Within the auto-graded online homework products (CengageNOW and Aplia), students are asked to document their Excel processes. For a complete demo of the Excel Success system, visit www.cengage.com/community/warren. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Corporate Finance, 3e offers a dynamic, modern and practical approach that illustrates how financial management really works. It features up-to-date content including a focus on ethics in finance, following the Australian Royal Commission into Misconduct in the Banking, Superannuation and Financial Services Industry. This resource is distinguished by the cash-flow 'arc' of the narrative, which gives a practical learning path, and the use of real options - a practical analysis tool that is used in corporate finance. Students are provided with an engaging and contemporary learning path, giving them realistic preparation for a career in finance. The strong five-part framework of the book is supported by integrated online elements and easy-to-read chapter narratives. Premium online teaching and learning tools are available on the MindTap platform. Learn more about the online tools cengage.com.au/mindtap Gain a solid understanding of business today and what it takes to become a better employee, more informed consumer, and even a successful business owner with the best-selling FOUNDATIONS OF BUSINESS, 5E. This up-to-date, comprehensive survey of business highlights forms of business ownership, management and organization, human resources management, marketing, social media and e-business, information systems, accounting, and finance. Core topics and special features examine ethics and social responsibility, small business and entrepreneurship, and global issues, while new coverage addresses cutting-edge topics, such as the impact of social media in business, the economic recovery and remaining economic issues, international business, green and socially responsible business, and sustainability. "The seventh edition of Focus on Personal Finance contains new and updated boxed features, exhibits and tables, articles, and end-of-chapter material. The following grid highlights some of the more significant content revisions made to Focus, 6e"-- Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. ENTREPRENEURIAL FINANCE, 6e, guides readers through a complete life cycle of the firm as it introduces the theories, knowledge, and corporate finance tools and techniques an entrepreneur needs to start, build, and eventually harvest a successful venture. With a strong emphasis on sound financial management practices, it explains how to secure financing, use business cash flow models, and strategically position the early-stage company. It also covers how to effectively interact with financial institutions and regulatory agencies that can affect venture growth and enable liquidity for investors. In-depth capstone cases, mini-cases, and examples vividly illustrate such key concepts as venture capital funds, institutional investors, strategic alliances, the role of business angels, licensing agreements, exit strategies, and much more. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Learn to conduct financial statement analysis as you review actual financial statements from real companies with Wahlen/Baginski/Bradshaw's FINANCIAL REPORTING, FINANCIAL STATEMENT ANALYSIS AND VALUATION, 10E. This balanced, comprehensive approach reflects the latest developments in accounting standards, financial analysis and valuation. You apply concepts from economics, business strategy, finance and accounting as you progress through a unique

six-step process for analysis and valuation. Quick Checks after each section remind you of key insights. Each chapter includes a continuing example from The Clorox Company so you can apply each step of the analysis and valuation process to real financial statements. Numerous examples, problems and cases highlight actual businesses and include a continuing end-of-chapter case from Walmart. Timely content and practical applications are all designed to help you master the analysis, forecasting and valuation process. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Give your students a solid foundation in core accounting concepts while helping learners develop a true appreciation for why accounting is important to business and a prosperous society. Warren/Reeve/Duchac's FINANCIAL AND MANAGERIAL ACCOUNTING, 14E clearly demonstrates how accounting is much more than simply data and black and white rules. Instead, students see how accounting provides key information used to make critical business decisions. A new chapter schema provides context for how each chapter's content fits into the big picture. The book focuses on why accounting is important and consistently reinforces connections to the big picture by connecting journal entries to the accounting equation. Fresh organization progresses from the simplest to the more complex topics with reorganized and fully integrated coverage of the new Revenue Recognition standard, reorganized coverage of adjustments, and reorganized managerial accounting chapters Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Intended for non-specialist students of accounting and finance taking their first module in the subject, within courses such as business studies and management. This title includes: chapter on working capital management; extends the coverage of corporate governance, auditing and Activity Based Costing; and, more.
